

LEISURE MARINE BUSINESS FOR SALE

MARINE ENGINEERING & SERVICES BUSINESS

Ref No: FPM67657
Description: Provider of engineering and vessel maintenance services.
Location: East Sussex
Guide Price: **NOW SOLD**

Opportunity Overview

This second-generation family business is primarily a marine engineering company with profile dealerships in place with amongst others Volvo Penta, Mercury, Yanmar and Webasto. But it is also recognised for the various other offerings and general boat services provided such as valeting and antifouling, inflatable tenders and engine sales, and especially for its busy parts supply department which supports its manufacturer warranty work carried out all along the south coast.

Being ideally positioned in a superb marina location the business occupies recently refurbished and upgraded office and workshop premises, along with separate storage facilities secured by way of commercial leases and marina berths used to accommodate vessels booked in for work, whether they are owned by permanent berth holders or visiting craft.

Its established, experienced, and professional team of managers and engineers are regarded for providing a reliable and high-quality service to both leisure boaters, commercial vessels, and trade customers alike. The management team are more than capable of operating the business in the owner's absence.

Consistently strong financial performance with good owner earners and benefits and a genuine reason for sale, we anticipate significant levels of interest, so an early viewing is therefore highly recommended.

All handover support and training will be provided to ensure a successful transition of ownership.

Contact Information

Offered for sale exclusively via First Peninsula Marine, no direct approach should be made. To protect the owner's commercial interests' confidential sales details are only available to NDA Registered Buyers.
