Description:	Long established market leading independent insurance broker
Location:	UK - South West England
Guide Price:	Expressions of interest and offers invited

Opportunity Overview

Celebrating 40 years in business, being originally founded in 1982, this well-regarded independent insurance broker is a family concern currently under 2nd generation owner management and supported by a highly valued and experienced team. It is now being offered for sale for the very first time and will no doubt generate significant interest from acquisitive insurance companies.

The company is regulated by the FCA and holds delegated underwriting authority agreements with a number of leading UK insurance companies. It is the region's largest independent marine specific insurance broker, and it enjoys an excellent reputation for integrity and exceptional service. It specialises in providing both pleasure craft policies to the recreational leisure boating community and vessel policies to commercial craft owners, as well as commercial insurance solutions to marine trade businesses with ancillary products alongside. It delivers an end-to-end support service, from reviewing policy requirements through to handling claims, and coupled with expert advice it achieves high levels of renewals from its long-standing and loyal customer base.

The business operates from modern offices which are located within a highly visible and dedicated marine building, situated on a main commuting route into a city centre. The offices are occupied by way of commercial lease with a break clause option in January 2026.

All handover support and training will be provided to ensure a successful transition of ownership. This is a perfect acquisition opportunity for an existing marine insurance company looking to acquire market share and a presence in the region.
