Opportunity Overview

This market leading training company is internationally recognised and enjoys an exceptional reputation in the marine and maritime sectors. It is now being offered for sale and represents a rare opportunity to acquire a very profitable and highly scalable professional services business.

Its purpose-built waterside headquarters are located in a renowned and historic maritime city, from where it specialises in providing certified commercial and leisure boating training throughout the UK and worldwide. Its experienced instructors deliver shore-based courses via its onsite classroom and workshop facilities, dedicated high-tech simulator training, online teaching and practical on the water instruction from its fleet of various yacht and motor vessels.

The business has significant training contracts in place, including with the highest profile Government departments, harbour and maritime authorities, industry organisations and corporate operators. It delivers courses to thousands of people each year, involving a wide range of qualifications, to individual mariners including boat masters, yacht skippers, instructors, port operatives and deck crew.

It supports industry employers as a main apprenticeship scheme training provider and is fully accredited, being overseen by all relevant regulatory bodies. It has an enviable array of industry Awarding Organisation accreditations in place, which are transferrable geographically, providing guaranteed government funded contract work.
